

YAY: COMPUTERS OF THE FUTURE...

BY KRESSIDA BANH, JESSIE LI, ERIKA LIAO AND SEISON LEE

Y.A.Y. (YOU, ARE YOU...)

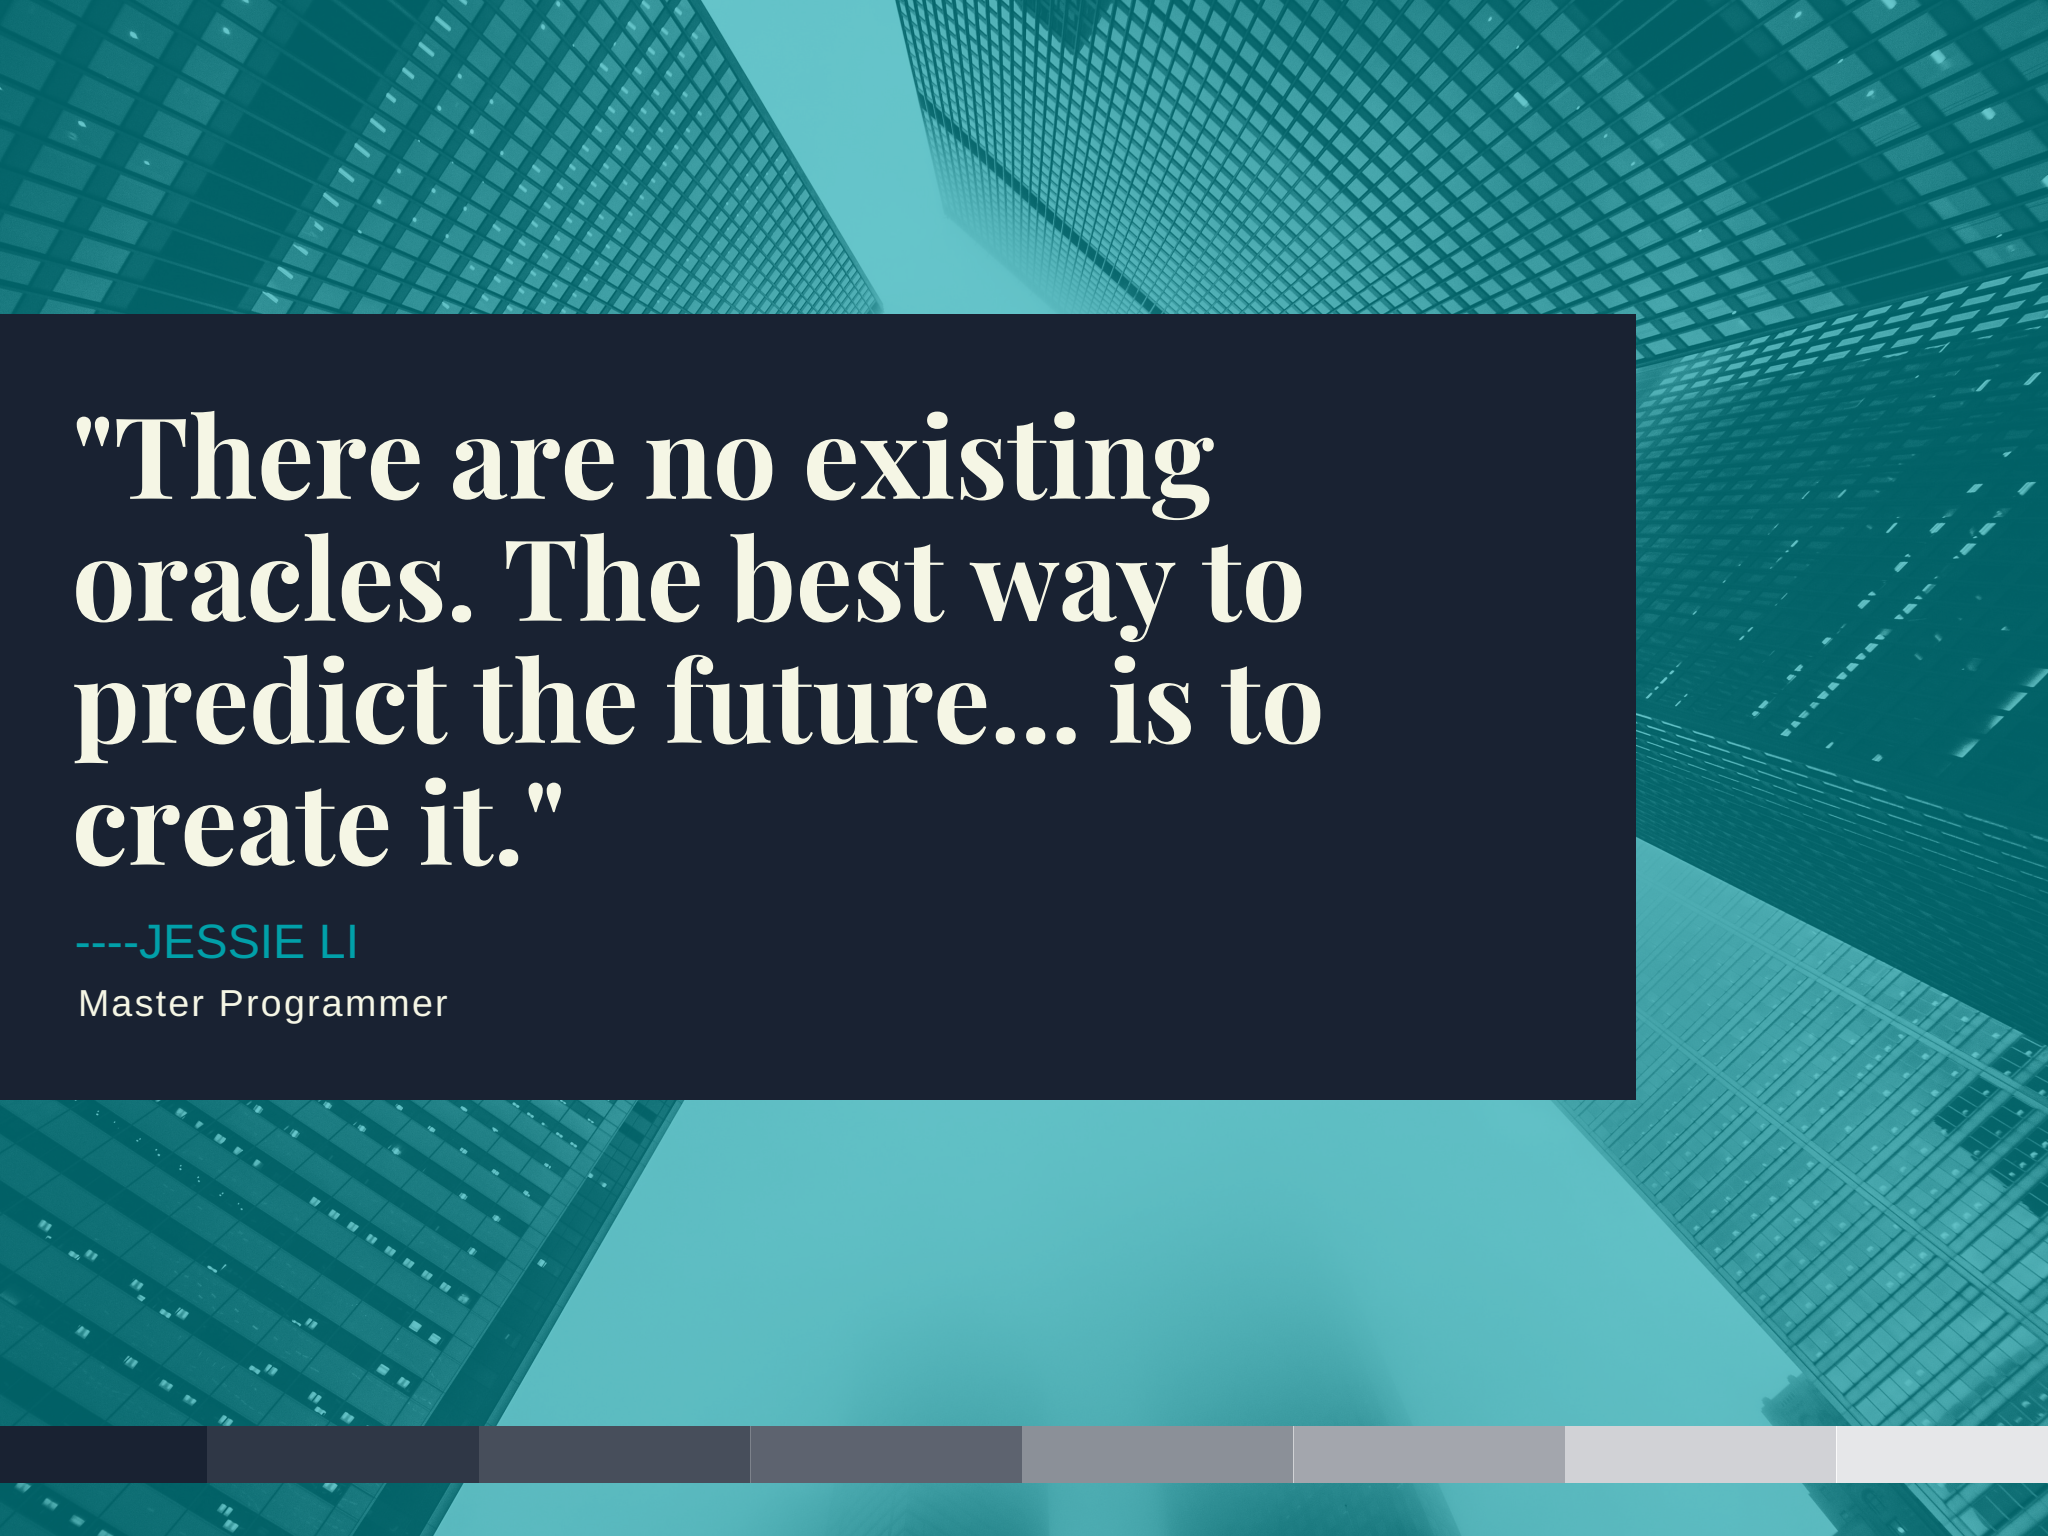

"It's still magic, but
with technology."

-----KRESSIDA BANH

Logic and Computer Master

"There are no existing
oracles. The best way to
predict the future... is to
create it."

----JESSIE LI

Master Programmer

INTRODUCTION ON Y.A.Y.

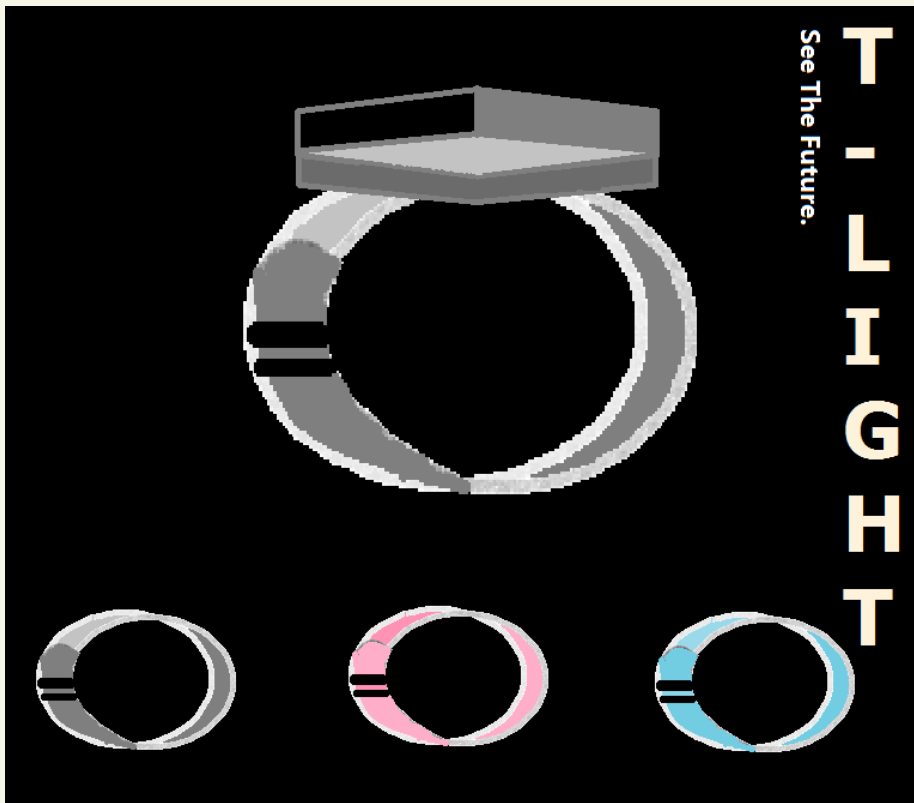

INTRODUCTION

- Y.A.Y. is the destined company for the best technology. Here we have also invented the T-Screen, the T-Gamer, and the T-Light.
- The T-Screen provides you the most healthy visual contact to anything, especially movies and shows.
- The T-Gamer gives you the most entertaining experience of playing anytypes of video games into virtual reality.

AND NOW,
THE T-
LIGHT...

HERE, WE PRESENT YOU THE T-LIGHT

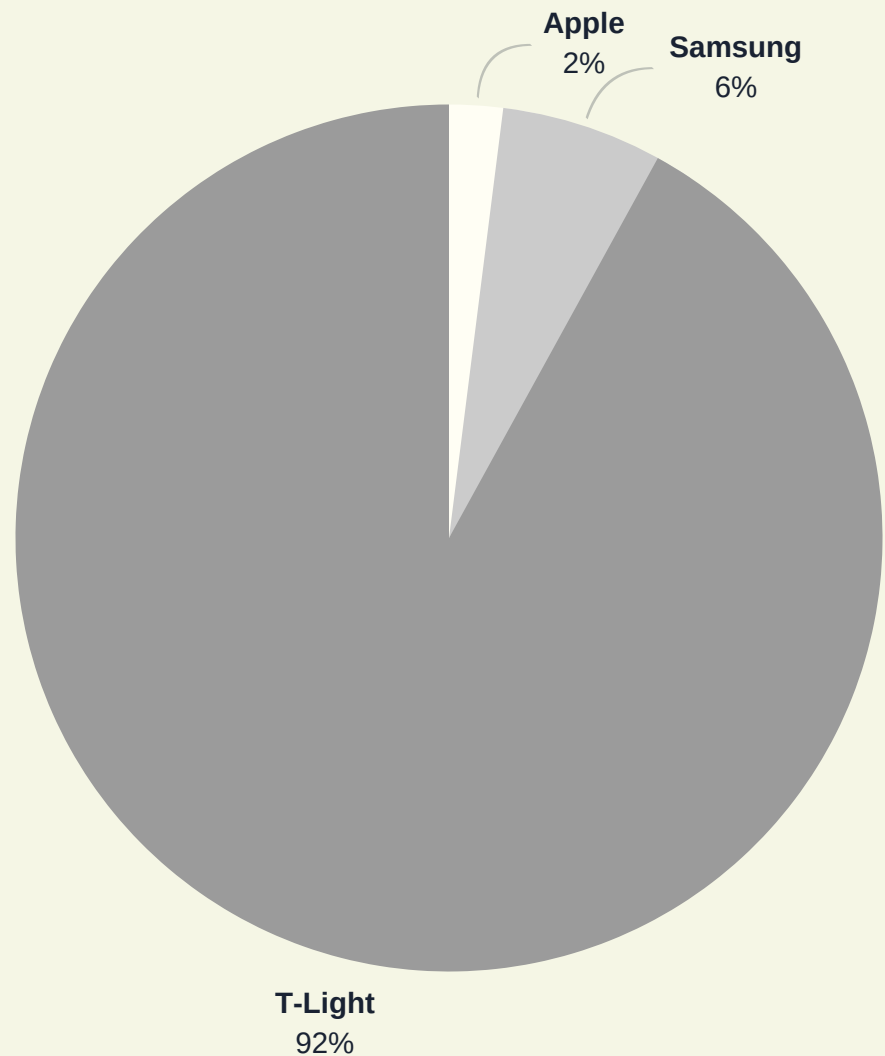

See The
Future.

FEATURES AND FUNCTIONS

SPECIALTIES

- Has a storage of 4999 GB.
- Small as a watch! Weighs only 50 grams!
- Will be on power for a month after you charge it for five seconds.
- Unharmful light.
- Ultra internet connection
- Can be accessed anywhere
- Functions as a phone. Watch has self-charge ability(solar energy).
- When you press a button, produces holographic computer.
- Won the Nobel Technology Prize

Usually, when people decide to use T-Light, they have a smaller chance of receiving depression. Their joy rate is increased by 97 per cent. This is the comparison of Apple, Samsung, and T-Light to see which product actually makes people feel more satisfactory.

"I feel so much better
after using T-Light!"

STEVE JOBS

Founder of Apple

EXAMPLES

1

You are walking on the street. You are depressed from a day of school and you don't know what to do.

2

Suddenly, you come across a T-Light store.

3

As you come into the store, you find yourself surrounded by the happiness of seeing super advanced technology; the...Future. Your sadness is finally lifted. You smiled.

THAT'S ALL, FOLKS!

THANKS FOR LISTENING.
